2006 Reserve Cabernet Sauvignon Coyote Vineyard

TASTING NOTES

Highly aromatic nose offers an array of bright Bing cherries and cassis. Sexy and succulent flavors of currants and dark red berries flood the palate. Every sip is pure and vibrant adding layers of extend through the remarkably pure and persistent finish.

BLEND/VINEYARD INFO

100% Cabernet Sauvignon, Coyote Vineyard, Wahluke Slope

WINEMAKER'S NOTES

New to us in 2006, we were amazed at the consistent quality from the Coyote Vineyard. We swore each cluster looked the same as the previous, and were hopeful that the wine would reflect those superior qualities. We were not disappointed. Rotary fermentation gave us a rich, luscious, concentrated wine that needed a kiss of new oak. About 70% of the final blend went into new French Oak for a relatively brief 4 month period. The blend was assembled in April of 2007, and put into 4 year old French Oak barrels until bottling in September of 2008. A beautiful example of top quality, warm site Washington Cabernet Sauvignon.

TECHNICAL DATA

Release Date:	10.1.2008	Acidity:	0.62
Alcohol:	14.0%	pH	3.87
Residual Sugar:	0.00%	Cases:	398
