

POWERS

2013

Reserve Cabernet Sauvignon Coyote Vineyard

Starting off with intense aromatics of blackberry jam, mint/eucalyptus, sweet cigar, anise and a slight touch of wet clay on the nose, the palate explodes with rich and layered flavors. From black currant, blackberries, mint, cocoa, a touch of dark spice and layered roasted serrano peppers, this wine is very balanced along with great acidity that leads into a very firm finish with round but complex tannins.
